Prime Minister Omar Razzaz on Monday inaugurated the Mafraq Industrial City during a field visit to Mafraq Governorate, the Jordan News Agency, Petra, reported. He stressed that the investments and industries that survived these circumstances are qualified to excel during the next phase, as the government seeks gain access to the Iraqi and Syrian markets.

Jordan to import Iraqi oil with \$16 discount on Brent price per barrel

Jordan will receive Iraqi oil with a discount of \$16 from the price of Brent crude per barrel, to cover the difference of transport costs and deviations in specifications, Minister of Energy and Mineral Resources Hala Zawati said on Wednesday. Under a memorandum of understanding (MoU) signed by the minister and her Iraqi counterpart, Thamer Ghadban, at the Karameh-Turaibil border crossing on Saturday, the Kingdom will buy 10,000 barrels of crude Kirkuk oil per day from its neighbour, which covers 7 per cent of the Kingdom's daily demand, an Energy Ministry statement said. Under the MoU, the quantity of oil imported by the Kingdom from Iraq is subject to increases later on with the agreement of both sides, Zawati said.
