Kanakrieh made the remarks during his participation in the spring meetings of the boards of governors of the World Bank Group (WBG) and the IMF, held in Washington last Wednesday through to Monday, the Jordan News Agency, Petra, reported on Monday. The minister also held a series of meetings with officials of the departments of treasury and state that addressed economic ties between the Kingdom and the US and the US aid programme to Jordan. He also delivered the Kingdom's speech in the meeting for finance ministers of the MENA region, where he stressed that importance of maintaining monetary stability as a main pillar for enhancing economic growth.

Parliament speakers of Jordan, Greece and Cyprus on Monday stressed on the outcomes of the trilateral summit of His Majesty King Abdullah, Cypriot President Nicos Anastasiades and Greek Prime Minister Alexis Tsipras a day earlier, which called for expanding cooperation between the three countries in various fields. During their meeting at the Dead Sea, Lower House Speaker Atef Tarawneh and his Greek and Cypriot counterparts Nikos Voutsis and Demetris Syllouris highlighted the importance of supporting the efforts of King Abdullah, the custodian over Islamic and Christian holy sites in Jerusalem, in protecting the Holy City's sanctuaries and maintaining its legal status quo, the Jordan News Agency, Petra, reported.

Companies selected to transport Iraqi oil pass qualification phase'

The Ministry of Energy and Mineral Resources on Monday said that the three companies selected to transport crude oil from Iraq to Jordan through tankers had passed the qualification phase of the tender. In a ministry statement, carried by the Jordan News Agency, Petra, the ministry said it would next choose the company with the best financial offer. The tender was related to an agreement signed between the government of Jordan and Iraq to transfer 10,000 barrels of crude oil bought by Jordan at international prices. The agreement came during a flurry of other proclamations on energy including an announcement by Iraq to begin technical preparations for the extension of an Iraqi oil pipeline — planned to run through the Kingdom with a capacity of 1 million barrels per day.
