Government cuts fuel prices for July

The government's fuel pricing committee on Sunday decided to lower the prices of fuel derivatives for July. According to the committee's decision, the price of 1 litre of unleaded 90-octane gasoline will go down from JD0.780 per litre in June to JD0.750 in July, according to an Energy Ministry statement. The price per litre of unleaded 95-octane gasoline will drop to JD0.970 in July, compared with JD1.01 the month before. The prices of diesel and kerosene per litre will decrease to JD0.590, compared with JD0.620 in June. Regarding the new prices, the committee said that the price per barrel of crude oil went down to \$64.1 in June, from \$71.4 in May. The panel said the price of gas cylinders will remain unchanged at JD7 despite an increase in international rates to JD7.8.

New fleet of 135 buses begins operations in capital

Prime Minister Omar Razzaz, in the presence of Amman Mayor Yousef Shawarbeh, on Sunday attended the inauguration of the first phase of the "Amman Bus" project. The first phase of the project includes a new fleet of 135 buses covering 55 destinations through 34 routes and operating for long hours, at a cost of JD18 million, the Jordan News Agency, Petra, reported. Trip fares for the new project can be paid through e-cards that can be easily recharged at various points of sale, according to Petra.

First shipment of Iraqi crude oil expected this week

The first shipment of Iraqi crude oil is expected to arrive this week, Nael Thiabat, owner of Burj Al Hayat Transport and Trading Co., the company that had won the tender to transport 500,000 tonnes of Iraqi crude from Baiji in Iraq to the Jordan Petroleum Refinery Company (JPRC) in Zarqa Governorate, said on Sunday. All financial and technical matters have been taken care of, including the accreditations from the Jordanian government and the Iraqi ministry of oil, Thiabat told The Jordan Times over the phone. He added that once the first shipment of 10,000 barrels arrives, the Kingdom will buy the same amount of oil from Iraq on a daily basis. Burj Al Hayat Transport and Trading Co. won the oil shipping tender earlier in May, and has since finished obtaining 600 visas for drivers from both countries (300 Jordanians and 300 Iraqis), and will apply for more in the future, according to Thiabat.
